1,7 oz jar

Applications
30 applications

- **Description**

A nourishing face cream for normal-mixed and dry skin.

- **Effect**

A double action nourishing and anti-free radical treatment with wild rose oil that regenerates and repairs the cutaneous tissues.

- **Properties**

Protects the skin from oxidation caused by the pollutants in the environment.

The perfect cream for everyday use on any type of skin in need of added moisture and nourishment.

- **Key components**

Wild Rose Oil: With effective healing, regenerating and repairing power.

Soya Oil: A nourishing compound with anti-oxidant and cell strengthening power, soya also cares for and nourishes the skin with its moisturizing and skin regulating function.

Karite butter: moisturizing and healing.

Orange concentrate: Enriched with vitamins C, A, B1, B6, H, PP, aminoacids and sugars.

Vitamin E: Anti-free radical and moisturizing effect. Improves skin elasticity.

Active ceramides: Improve cohesion between corneocytes and increases the corneum layer's moisture retaining capacity.

Sun filter: Protects from ultraviolet rays.

- **How to use**

Apply morning and night to previously cleansed skin. Apply to face, neck and décolletage and massage gently until the product has been completely absorbed.

- **Sales arguments**

- A nourishing, anti-oxidant and bio-regenerating cream.
- A non-oily, creamy texture.
- Visible results from the first application.
